BRAND STORY

Immunopaedia Foundation is about Immune Systems of Knowledge.

We are dedicated to making immunology education universally accessible, deeply relevant, and socially transformative. Our name was born from the convergence of Immunology and Paediatrics, reflecting our origins in paediatric HIV research and our enduring commitment to the health of children, mothers, and communities.

However our purpose has grown far beyond those roots. We are a global beacon for free, accessible, and contextually meaningful immunology education.

We are not a university. We are not a corporate institute. We are a movement, one that believes scientific knowledge should never be gated by geography, income, or privilege. We believe science belongs to everyone.

We believe knowledge is not a currency it is a human right.

We believe that when we illuminate the immune system, we are not just teaching biology, we are building resilience. We are restoring dignity. We are saving lives.

We believe Africa is not a continent waiting for answers, but a wellspring of innovation, insight, and scientific leadership.

We are the torchbearers of clarity in a world clouded by misinformation.

We speak to clinicians, researchers, artists, and everyday people with equal respect and urgency because healing the immune system begins with healing the divide between science and society.

We teach not through science alone, but through stories.

Through theatre and poetry, art and dialogue, digital platforms and tactile engagement.

Through TIGRIS, we forge the next generation of African scientists.

Through Immunopaedia.org.za, we equip the world with accessible, rigorous, and interactive education.

And through Ukukhanya, we breathe soul into science, bringing light where darkness once prevailed.

We are relentless in our pursuit of excellence, but never at the cost of compassion.

We honour every life touched by disease with knowledge that uplifts, dignifies, and empowers.

We are more than educators. We are interpreters of the unseen. We are architects of hope.

We are the bridge between the microscopic and the monumental.

Because the immune system is not just a function, it is a metaphor for understanding the self, what we protect, what we allow in, and what we fight for.

We are the Immunopaedia Foundation and we're building a healthier, wiser, more connected world, one immune cell, one learner, and one story at a time.

VISION MISSION

VISION

Advancing Global Immunology Education for a Healthier Future.

MISSION

To provide free, accessible, and contextually relevant immunology education and training globally, enabling health professionals, scientists, and communities, especially in low and middle-income countries to improve health outcomes through knowledge, compassion, and connection.

BRAND VALUES

COMPASSION

Deeply human, community-centred, respectful.

CONFIDENCE

Scientifically meticulous, globally recognised, forward-looking.

TRUSTWORTHINESS

Transparent, credible, purpose-driven.

COLLABORATION

Consistently values, seeks out, and thrives on partnerships.

TONE OF VOICE

THE WAY WE SPEAK IS AS IMPORTANT AS WHAT WE SAY.

Warm...

But informed, like a wise guide or trusted mentor.

Enabling...

Not patronising, we elevate our audience, not overwhelm them.

Simple...

Not simplistic, we communicate clearly without dumbing down.

Human...

Not robotic, we write with soul, not jargon.

Global...

Yet grounded, our language reflects inclusivity and context.

VISUAL IDENTITY

LOGO

The Book and Radiating Circle

A book formed by the I in Immunopaedia and F in Foundation.
A solid central dot surrounded by outwardly radiating, soft rings.
A nucleus of truth radiating impact and the ripple effect of education.

Symbolism:

Book = knowledge, research, sharing, art, community.
Radiating Circle = Wholeness (circle), enlightenment (radiance),
and global reach.
The organic gradient reflects the microbiome's complexity.

Our logo is made up of two elements:
The Icon and Immunopaedia Foundation Logo Type.

VARIATIONS

LOGO USAGE

Our logo is a key element of our brand identity and should be used consistently across all communications.

Use the full-colour version of the Immunopaedia Foundation logo on light backgrounds.

The grey logo can only be used on white backgrounds.

For black and white or minimal settings, use the monochrome version (all white and all black).

Full logo and icon can only be used vertically.

The logo should not be altered, distorted, or used in a way that compromises its integrity.

Only the icon can be used alone. Never use the logo type alone.

Maintain the integrity of the logo size to avoid distortion.

Clear space should be maintained around the logo to ensure visibility and impact. Space around the logo and icon is the width of a Bold M in Immunopaedia Logo type on all sides.

COLOUR PALETTE

OUR COLOUR PALETTE
IS A VISUAL REPRESENTATION OF OUR VALUES.

COMPASSION		CONFIDENCE		TRUSTWORTHINESS		COLLABORATION	
NAME	LIGHT RED	NAME	OXFORD BLUE	NAME	DARK CYAN	NAME	CELADON BLUE

PHOTOGRAPHY STYLE

ONLY USE

Real people in real moments (not clinical stock photos).
Children, health workers, scientists, and communities in LMIC settings
Artists in process, young learners engaged, community moments.
Warm tones, natural light, emotionally engaging compositions.

ILLUSTRATION STYLE AND PATTERN USE

Minimalist, line-drawn, or abstract shapes.
Radial gradients or ripple motifs to symbolise spreading knowledge.
Symbolic over literal focused on feeling, not explanation.
Use sparingly and always to enhance, not distract.

APPLICATION GUIDELINES

FOR COMMUNICATIONS

Your tone across all platforms should mirror our brand:
"warm, knowledgeable, calm, inclusive."

Always begin with a human angle or emotional hook

Explain the scientific value with clarity and simplicity...

Reinforce accessibility and trust.

Think "trusted guide," not "expert on a podium."

Write like a wise mentor.

Never oversell, never overcomplicate.

Use words that centre people not just pathogens.

FOR EVENTS AND COURSES

Use consistent colours, voice, and logo placement

Integrate artistic or storytelling elements where possible.

Include "Powered by Immunopaedia Foundation"

or "An initiative of Immunopaedia Foundation" in co-branded materials.

SUB- BRANDS

Immunopaedia.org.za

Digital education portal
Science-focused, interactive, rigorous

TIGRIS

Research & laboratory training arm
Focused on reproductive and neonatal immunology in HIV contexts

Ukukhanya Arts Project

Creative engagement and public education through arts
Brings light (ukukhanya) to science and health

.

BRAND STATEMENT

We are the Immunopaedia Foundation.

We are the immune system of knowledge,
where science meets soul,
and where education becomes empowerment.

We don't just teach immunology. We humanise it.
And we do it freely, globally, and with compassion.

By following these brand guidelines, we uphold the integrity and consistency of our brand,
ensuring that our message resonates with our audience and leaves a lasting impression.
Thank you for your commitment to maintaining our brand identity.
